

REMARKS

The Office communication mailed November 8, 2004 indicated that applicants' reply dated September 10, 2004 was not fully responsive on the basis that amendments made to the specification were made improperly. The improprieties have been addressed in this supplemental amendment.

Claims 38-59 have been indicated as being allowed. The present amendment addresses the outstanding informalities. Accordingly, this application is considered by applicant to be in condition for allowance.
